There is a window from one heart to another

Aspire provides complete uPVC door & window solutions along with toughened and safety glass through its sister concern ATG Tuff, Bathinda, which has more than a decade's experience in manufacturing toughened and safety glass. With our 360 degree approach, we leave no stone unturned right from high quality manufacturing to perfect installation and exemplary after sales services.

Aspire Solutions sports a state-of-the-art manufacturing facility spread across 36,000 Sq. Ft. and a highly qualified team that ensures quality & perfection at each level.

Technology Partners

NCL VEKA is a joint venture between NCL, India and VEKA, Germany. The two behemoths have a combined experience of 90 years in window manufacturing.

NCL VEKA has a capacity to manufacture 20,000 tonnes of profiles every year which can approximately meet the requirements of 3,50,000 homes. While NCL has the largest network of dedicated fabricators in the country, VEKA AG is the largest uPVC manufacturer in the world with presence across 40 countries. The coming together of the two giants means that the products not just conform to the European standards, but is also best suited for Indian conditions.

Lift & Slide Doors

Our versatile and functional Lift and Slide Doors can be tailored to any application with a range of optional configurations including; a choice of two, three or four pane opening sashes, an option for both doors to slide, internal or external sliding sashes, and multiple thresholds.

Combination Systems

A wide range of combinations (Sliding + Casement) are possible with custom-built aluminium couplers to meet different architectural needs.

- Casement + Casement Fixed
- Casement + Top Hung
- Sliding + Casement Fixed

SPECIALITIES

Arch Windows

Our casement profiles have the flexibility to be bent into arch shapes which gives a traditional look to the building. Our arch bending facility is capable of fabricating arch windows with options of single and double glazing.

Vertical Sliding

Our vertical slider carries all the beauty of a classic design, combined with the latest industry thinking. It holds a host of impressive features that not only add to its good looks, but also enhance the performance of the product.

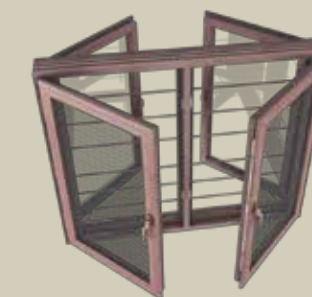

Tilt & Slide Doors

Our Tilt & Slide Doors offer a grand view while giving the option to tilt and slide the doors behind the fixed panel for maximum ventilation. The door system is in 60 mm system with imported hardware which makes it reliable, soundproof and secure.

Twin Sash Grill & Mesh Windows

Our Twin Sash Grill & Mesh Windows are aesthetically superior. The window system is available in 60mm system with multi-point locking hardware that provides safety and security besides keeping insects out. It also comes with an option of grill only, without mosquito screen.

Slide and Fold Doors

Our Slide & Fold Doors offer a premium look with maximum opening space which can be integrated into your balconies or terrace opening. The window system is available in 60 mm system with imported hardware.

- 8 mm sash overlap for superior performance.
- Multi-point locking with hardware screw fixed to steel.
- Heavy duty roller for smooth operation.
- Glazing options - 6mm single glazing / 20 & 24 mm double glazing.

Louver Windows

For extraordinary ventilation purposes, our louvered uPVC windows are preferred widely. These windows are beautifully framed and designed to allow fresh air in your home. This design is especially used in homes and huge buildings for ventilation purpose. It is temperature friendly window design which will not only provide fresh air but will also make your property look ravishing.

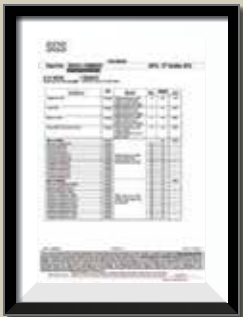

QUALITY ASSURANCE

VEKA windows have been tested for its physical properties and its lead content. They conform to international quality standards approved by the major accreditation councils.
